## EDUCATION

### Neil gogte Institute of Technology

*Bachelor of Engineering in Information technology*

Hyderabad, Telangana

*Aug. 2019 – Jul 2023*

## EXPERIENCE

### Internship

*Srikari Impetus Solutions Private Limited*

oct 2022 – Aug 2023

*Hyderabad, Telangana*

- Acquired proficiency in Node.js through structured learning and effective communication with senior team members during internship
- Demonstrated ability to maintain comprehensive project documentation for various assignments, including the Waterboard project.

### Associate Software Engineer

*Srikari Impetus Solutions Private Limited*

Sep 2023 – May 2024

*Hyderabad, Telangana*

- Refactored the fundraising platform codebase in Angular to optimize user experience
- Collaborated closely with clients to gather requirements for web product updates, ensuring effective communication and alignment with client needs.

## PROJECTS

### Stack Citadel: A dynamic blogging platform | *Typescript, Angular, Firebase and Firestore* July 2024 – August 2024

- Stack Citadel: A web app where users can discover, read, and engage with a wide range of blogs.
- Admin Dashboard: Easily manage posts, users, and analytics.
- Real-time Data: Powered by Firebase Firestore for up-to-date content.
- Deployment: Hosted on Netlify for fast and reliable performance.

### Tomato Disease Classification | *Deep Learning, Python, TensorFlow, CNN*

June 2023 – Aug 2023

- Led a team in creating a tomato disease classification system
- Utilized TensorFlow for building the machine learning model.
- Implemented Convolutional Neural Networks (CNNs) for high accuracy in disease identification.

### Andromeda Music | *React, Firebase, and Material-UI*

Jan 2023 – Feb 2023

- Developed a music application using React.
- Integrated Firebase for backend services and data management.
- Employed Material-UI for a seamless and visually appealing user interface for music exploration.

## TECHNICAL SKILLS

**Languages:** Java, Javascript, Typescript

**Frameworks:** Express, Angular, Node.js

**Developer Tools:** Git, VS Code, Visual Studio, Postman

## CERTIFICATIONS

**Oracle:** Databases for Developers: Foundations by Chris Saxon

**Microsoft Learn:** Build web apps with ASP.NET Core for beginners

## INTERESTS

Football

Poetry

Classical Music

Quantum Mechanics
